## Public Meeting – Scoping Session Ione Sands Motor Sports Facility

The Amador County Planning Commission will hold a public “Scoping Session” to review the potential environmental impacts of the One Sands Motor Sports Facility submitted by US Mine Corporation. This proposes the development of a private-use motocross facility, to be located on Hwy 124 in Ione.

Before a project decision can be made by the County, the California Environmental Quality Act (CEQA) requires the preparation and certification of a document which discloses the potential adverse effects to the environment which could occur from such a project. Part of the EIR preparation includes an Early Public Consultation process. The Amador Planning Commission has scheduled a “Scoping Session” to be held at the County Administration Center, Board of Supervisors Chambers, 810 Court Street, Jackson, CA on Tuesday, November 13, 2018 at 7:00 PM or as soon as thereafter as can be heard.

All interested persons are invited to attend and state their concerns. If you are unable to attend the meeting, you may submit your concerns in writing prior to 5 PM on November 16, 2018. Comments are to be focused on environmental impact issues at the preliminary stage of review rather than arguments for, or against the project. All letters received or verbal comments given in the “Scoping Session” must be responded to in any adopted environmental document. Any questions should be referred to the Amador County Planning Department at [planning@amadorgov.org](mailto:planning@amadorgov.org), or call 209-223-6380. Ione residents received a detailed Notice of Public Scoping Session form in the mail from the Planning Department in mid- October.
